Name: ..... Due: **Next Class / Friday**

C3 The Bass Guitar HW 2 – Fender Jazz Bass, Larry Graham Slap & Sly Stone 'Thank You'

Artist: Sly & The Family Stone (Stand! / Single, 1969, Bass: Larry Graham, Producer: Sly Stone)
https://www.youtube.com/watch?v=_Jhn2AfPWPo

1. "Thank You (Falettinme Be Mice Elf Agin)" introduced the slap bass style to mainstream music. Identify the technical components below. (3)

Performance / Hardware Element	Technical Mechanism & Sonic Characteristic
Thumb Slap Technique	Bony thumb joint strikes low string against metal frets, generating explosive tra
Index Finger Pop Technique	Index finger snaps higher string away from fretboard, snapping back against fr
Fender Jazz Bass Dual Pickups	
Studio Optical / Tube Limiting	

2. Explain the acoustic and electrical phenomenon that occurs when both single-coil pickups on a Fender Jazz Bass are set to full volume (parallel wiring, impedance drop, upper-mid phase cancellation). (3)

.....
.....
.....

3. Slap bass produces massive dynamic transient spikes with high crest factors. Explain why recording engineers in 1969 relied on fast analog limiters or optical compressors to protect tape heads. (3)

.....
.....
.....

4. Jaco Pastorius Defretted Jazz Bass: Explain how removing frets and coating the rosewood fingerboard with epoxy alters string vibration, producing the signature vocal "mwah" harmonic bloom. (3)

.....
.....
.....

Name: ..... Due: **Next Class / Friday**

5. Roundwound vs Flatwound Strings in Funk: Contrast the physical construction and harmonic frequency response of ribbed steel roundwounds versus flat ribbon wire flatwounds for slap performance. (3)

.....
.....
.....
.....

6. Traditional Fingerstyle Rest Stroke vs Slap & Pop Funk: complete the comparative analysis below: (4)

Fingerstyle Two-Finger Rest Stroke (Motown / Classic Soul) (2)
Warm rounded attack, prominent low fundamental, controlled crest factor, predictable dynamic envelope:
Slap & Pop Thumb / Finger Snapping (Larry Graham / Funk) (2)
Extreme transient attack spikes, bright metal fret collision chime, wide dynamic range, scooped mid punch:

Total:	**/18**
